Subject: Padbury Brook Application (22/03873/F)

Message:

To whom it may concern,

I am writing to express my support for the Padbury Brook Solar Farm (Planning Application Reference 22/03873/F).

I support this application because this proposal is strongly in line with Cherwell DC's own net-zero targets, and benefits from support from the local development plan with regards to supporting the deployment of renewable energy generation.

I also support this application because we are in both a cost-of-living and climate crisis, and need affordable, local, clean sources of electricity to address these. Solar is one of the cheapest forms of generation available.

As such, I hope Cherwell District Council is able to support this planning application and recommend it for approval.

Yours faithfully,
Paul Martin
