Hello

Re Padbury Solar Farm

I'm very disappointed to hear that yet another area of our countryside is to be ruined, this time by a solar farm. The area not far from here is already hugely effected by the building of HS2, let's leave at least some of our agricultural,

wildlife and rural environments undisturbed for the future! We can't carry on defacing our countryside like this. Surely there are plenty of 'brown field' sites for these activities to take place?

Although the solar farm won't directly effect me, it will effect my friends, who's property at Pool Farm will be almost completely encircled by the solar farm which in turn will not only impact them personally but also their livelihood that they run from their property.

I therefore object to this planning proposal.

Yours faithfully

Carolyn Mollon
