

Notes
 This photomontage illustrates location, size, colour and degree of visibility of proposal. The photomontage illustrates the massing of the proposal overlaid onto the original photograph. It aims to provide an impression of the proposed development subject to the limitations of those photographic, IT and printing technologies used in this production. This photomontage visualization has been produced using current best practice methodology.

How To Use This Visualization
 This visualization is a tool for assessment and is best used for comparison in the field from the viewpoint location noted. It cannot be considered a substitute for visiting the viewpoint location.
