Comments	<p>The previous application 21/01123/F which was applying for a 20% increase of 450m2 warehousing buildings to the existing 2246m2 site was REFUSED. This application now applies for 665m2 = 30% increase which is larger than the one that was refused. So it stands to reason that this application should also be refused.</p> <p>The 24 new car parking places being applied represents a 50% increase on the existing spaces. This will obviously compound the traffic problems on our rural roads.</p> <p>The 70+ objection by the locals residents (on the previously refused application) remain exactly the same. Summarised broadly as: "This is not a suitable location for an industrial development of this kind. It would damage the rural setting of the surrounding area, would increase traffic through Middle Aston and Steeple Aston and the surrounding roads. The increase in traffic that this site would generate would increase the risk to pedestrians and children/cyclists attending Dr Radcliffe school next-door and is wholly inappropriate for this location. It should be rejected."</p>
