Comments	<p>Dear Wayne</p> <p>Thank you for consulting us on the above application, having now reviewed the planning documentation available to us we have the following comments:</p> <p>We note that the proposed development will not require any diversions to the Public Rights of Way Network therefore, we would have no objections to this proposal.</p> <p>We have included an extract of the Definitive Map showing the legal alignment of Steeple Aston Public Footpath 364/5 for your information and retention.</p> <p>We would, however, ask that the applicant be made aware that if planning permission is subsequently granted then the Public Footpath numbered 364/5 must remain clear and accessible at all times. No temporary obstructions including any materials, plant, temporary structures or excavations of any kind should be deposited / undertaken on or adjacent to the public right of way that may obstruct or dissuade the public from using the public right of way whilst the development takes place. Reason: To ensure the public right of way remains available and convenient for public use.</p> <p>Kind regards Judith Legal Services (PRoW) JH/013635</p>
