

Comment for planning application 23/00057/F

Application Number	<input type="text" value="23/00057/F"/>
Location	<input type="text" value="10 Reid Close Banbury OX16 0SZ"/>
Proposal	<input type="text" value="Variation of Condition 5 (cycle storage area) of 20/03023/F - Changed - The bicycle storage is required to move to the front of the property. The proposed right of way to the rear garden in the original application is currently not viable. Therefore, a new solution for secure bicycle storage needs to be found"/>

Comments	<input type="text" value="I would Like to comment on this application. This house has already had an application to have a one storey building approved which I disagree with as this will make my property turn from semi detached to end of terrace and I believe this application is just trying to extend the time on this. We have to say that we love our neighbour but she is in the process of moving house soon so see no reason for her apart from what I have already mentioned to act on this application. There has never been any problem with access to the rear garden in all the years that we have lived in this close, and not in all my time living here which is over 30 years nobody from number 10 has ever ridden a bicycle. All that will happen will be extra vehicles added to a very cluttered close with a very bad road surface. I hope that I don't sound Petty but somethings don't have to change that will affect more than the person applying for this to happen"/>
