Comments	<input type="text" value="I would like to register my objection to this housing proposal, mainly because of the already poor facilities/infrastructure in the village. These include already heavy traffic through the village, no public transport (buses), no places available at the primary school, no shop and an already severely struggling sewage system - refer to Thames Water for the horrendous sewage that appears on the road south of Bruern school when there is a heavy rainfall. I think any new residents of the village would be disappointed with what is (or is not) here in Chesterton."/>
