Comments	<input type="text" value="Chesterton does not need more homes, as it stands the drainage only just copes, except when it rains heavy and floods. There are no footpaths out of the village, in any direction, No public transport services to and from the village, on a daily basis. No village shop or Post Office. The roads are in poor condition due to it being used as a rat run. To add more home before improving what's already here seems ridiculous. Having read the plans it would appear that nothing is planned to improve things for those already living here, therefore all that will happen is any problems would be increased by adding to the community."/>
