Comments	<input type="text" value="I feel I must strongly object to this proposal on the grounds that it is entirely out of proportion, adding about 30% more houses in a village without any public transport links (or pavements or street lights to enable walking to reach public transport), or even a shop. This means potentially 100+ additional vehicles on roads that are already unsuitable. There is an existing problem with drainage and flooding that will be worsened. The village has also already seen the addition of 100+ houses since 2016. And, given it's against the existing Cherwell plan, should not even be up for consideration. This plan is entirely unsustainable and I object on the strongest terms."/>
