Comments	<input type="text" value="The proposed development is far too big for the small village of Chesterton. The Great Wolf Development which has already been approved will have a severe impact on the village visually and in terms of traffic congestion, noise and pollution. With no public transport a further development of 147 houses is only going to exacerbate the problem.

The development will be destroy the wildlife habitat living on the land currently which is clearly visible including red kites, bats, owls and a herd of deer."/>
