4th March, 2023.

Dear Sirs,

Planning Application Number 23/00173/OUT

We strongly object to this Housing Development of 147 Houses for Chesterton Village, in a quiet country lane on the outside edge of the village.

If this went ahead it would add to our already overstretched Roads and Lanes, putting at least another 300 extra cars on the Road.

With the village school already full to capacity, even with its two extra new classrooms, we have no Shop, Bus Service and only a small public house.

With many frequent power cuts, problems with sewage spilling flowing into the Gagle Stream. Old water pipes causing frequent problems water supplies. No gas supplies.

The Roads are now already inadequate for all the extra traffic flowing through the village, with the A4095 Road a shuntway for Bikes.

If this went ahead it would double the size of the village and Chesterton Village is sadly becoming a no longer desirable place to live!

Yours Sincerely

Mr. and Mrs J. H. Stead
