Comments	<input type="text" value="As residents of Chesterton, my wife and I would like to make the following comments on the proposed development.

We feel the addition of another 140 or so houses on the edge of the village would have a extremely detrimental effect on a number of key area including (but no limited to):
Highway congestion and safety - particularly with the proposed water park and further development of the sports facilities
Increased drainage and flood risks together with environmental pollution
An extremely visible effect on the local landscape and a direct and damaging effect on local wildlife

We would urge the Council to reject another development of this size on the edge of an already greatly expanded village."/>
