Comments	<input type="text" value="There should not be any more houses built in Chesterton. We do not have the infrastructure to support such a large building project. There is no shop or bus service in the village and the road by the school is over congested with parents parking cars to leave/pick up their children. What will it be like when there are another 147 houses? What about wild life? They are gradually being squeezed out of their habitat. How much more agricultural land is going to be concreted over. House building is destroying our once green and pleasant land."/>
