Comments	<input type="text" value="If this development goes ahead it will increase the housing in the village by 40%! Obviously this is a ridiculous proposal as we already have had 2 new developments within the last 8 years spoiling the character of the village. There are other villages in the area which have no new developments and surely it would be better to share around the new housing that is needed. Furthermore, the access roads are inadequate for the proposed 147 houses, together with the need for access to the new sports facilities. This access will already be overwhelmed by the development of the new sports facilities further up Green Lane. It should also be remembered that Great Wolf has planning to build west of the village, so it can be seen that Chesterton has more than its fair share of development in recent years and as said, planning permission granted for 2 large leisure developments. Please don't destroy our village."/>
