My comment is that at the moment we are already suffering with the construction of the Great Wolf. We are having lots of problems in the traffic and other kind of problems as well. We already have a construction of a 5 building developments in the end of Green Lane.

So, maybe Cherwell Council could think about Chesterton residents that are being squeezed between new developments and wait at least for all the developments that are already happening to be concluded.

We are having a lot already going on around the village in both sides.

I know money is important for the council but what about the people that lives in this areas for years now?

This area is being destroyed by the amount of new developments.

Wild area suffers, the village suffers... we are being squeezed between developments.

We will move out from here.
