

Comment for planning application 23/00349/OUT

Application Number	<input type="text" value="23/00349/OUT"/>
Location	<input type="text" value="OS Parcel 5616 South West Of Huscote Farm And East Of Daventry Road Banbury"/>
Proposal	<input type="text" value="The construction of up to 140,000 sqm of employment floorspace (Use Class B8 with ancillary offices and facilities) and servicing and infrastructure including new site accesses, internal roads and footpaths, landscaping including earthworks to create development platforms and bunds, drainage features and other associated works including demolition of the existing farmhouse - All Matters Reserved - re-submission of 22/01488/OUT"/>
Case Officer	<input type="text" value="Chris Wentworth"/>
Organisation Name	<input type="text" value="Lesley Harris"/>
Address	<input type="text" value="4 Colville Walk, Banbury, OX16 3NF"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Ancient fields and scenery to be taken forever to make money money money, no greenspace left for our children. More traffic congestion between the town and Middleton leading to more air pollution to an already congested area that has one of the highest air pollution levels already. On a green field site the extra building will lead to the surface water flowing back into town and may overwhelm the flood defences that are protecting the town. Views will be lost forever. No benefit to the town whatsoever. A lot of children travel from this side of Banbury to school and this will add to the general travel chaos that already happens during peak times. I would question why the council is in favour of this type of development when it was always said there would be no building on the other side of the motorway, what has changed, we have traffic planning in Oxford City centre to ease pollution and now we are tearing up green field sites for monetary gain and that's the only benefit to this whole plan. How will this carbon footprint ever be offset."/>
