Address	<input type="text" value="47 Millers way, Middleton Cheney"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I strongly object to this application. The Greenland being proposed to remove for factory or warehouse units when there are so many buildings and warehouse units already vacant in the area is a total unnecessary disruption of natural surroundings. It increases pollution of the countryside area and is an unwarranted and unwelcome application by many. It was agreed that the warehousing would not extend to this side of the M40 and it would furthermore impact those massively living in countryside villages in nethercote and overthorpe. There is no valid or positive reason in my opinion to destroy the natural habitat of wildlife, increase pollution or disrupt local villages with any other options of units available to build such an application other than for the developers financial gain. This is by what it seems a second application a copy of an original application still outstanding to try to from what it appears invalidate and cut through the already 200 oppositions from residents, councils and other concerned individuals on the already outstanding application which appears an unreasonable, unfair and disappointing loophole/tactic."/>
