| Comments | <input type="text" value="I object to the application for the following reasons: 1. Inappropriate green belt development, out of keeping with existing area without supporting infrastructure 2. Application hangs on job creation which is questionable given the site location - not easily accessible by public transport. 3. Existing commercial sites shouldn't set the precedent for these to mushroom. Capacity has already been reached. 4. More suitable brownfield sites should be found. 5. Development would contribute to urban sprawl."/> |
