Comments	<input type="text" value="This application should be rejected. It will be visible from a conservation area and is among the few remaining areas of ridge and furrow land still preserved in the area. Aside from this the infra structure is not able to deal with any more traffic movements (or lack thereof) Anyone who travels into Banbury from Middleton Cheney will be aware that the congestion the area already suffers is unacceptable. To further exacerbate the problem with more lorry movements is ludicrous. The loss of even more agricultural land (to sheds doomed to stand empty) when we are already surrounded by unsightly unnecessary and unwanted sheds and enormous residential sights cannot be to anyone's advantage other than the vendor of the land. I implore you to reject this application."/>
