Comments	<input type="text" value="This application to build on a green field site is not needed. Not only does it become a blot on the landscape it will add more traffic on the junction 11 M40. The road already backs up with nearly a mile queue most work days. It this in turn blocks not only the exit of m40 but the traffic trying to leave banbury. The traffic already queues past the coffee factory in the morning. Banbury does not need yet more boxes full of nothing. It needs industry brought back to banbury. The area proposed will also put another concrete and tar mac cover over the land creating yet more issues with water run off. Check the fields by M40 southvound exit they always flood during the winter. Warehouses do not create jobs for local people."/>
