Comments	<input type="text" value="It is disappointing to hear that applicant is still persisting with such flawed proposals for this beautiful area of green, historic countryside

The area is not within the Local Plan and was specifically rejected by the Planning Inspector, nothing has changed in this time

The traffic in this area is already terrible, it is very difficult to drive from one side of town to another due to the congestion

I am very concerned what will happen to the wildlife and birds reliant on these fields to be able to survive, there are many species who are protected due to decline and we should be protecting areas like this before they become extinct"/>
