Dear Imogen

Thank you for consulting the Conservation Team on the amendments to the above application.

The amendments to materials and landscaping treatment are welcomed and these are considered to be beneficial to the proposals. As previously highlighted it is recognised that development on this site has formerly been accepted and therefore there are no objections to the proposals.

Previous comments from the Conservation Team are still relevant and should be taken into consideration in the determination of the application.

I hope this is of assistance to you, if you require anything further please do not hesitate to contact me.

Kind Regards

Emma Harrison
