Hi Rebekah,

I attach additional drainage details for the drainage system required for the new warehouse, which is drained to a new standalone soakaway.

All other areas within the proposal are existing hardstanding which is being reconfigured, and thus does not increase the impermeable area or run-off to the existing drainage system.

I can confirm the contact details for the maintenance are as follows:

Keryn Clarke
Operations Director
E P Barrus Limited
Glen Way
Bicester
OX26 4UR

I would be grateful if you could forward to Kabier for comment.

Kind regards

Will Whitelock
