Hi Suzanne,

I have reviewed the Construction Management Plan (CMP) February 2023 referenced NW/10528 in respect of condition 12, and the Construction Environmental Management Plan (CEMP) January 2023 referenced PJF/NW/10528 in respect of condition 14.

The hours of working specified in the documents are different as follows:

- In the CMP paragraph 3.6 it gives the hours as 07:30 to 17:30, but in paragraphs 3.47 and 3.49 it states 07:30 to 18:00 Mon to Fri, and 08:00 to 12:30 on Saturdays
- In the CEMP in section 5 under 'Vehicle Movements' 9th bullet point the hours are given as 08:00 to 18:00 (as per CMP), and under 'Noise', 5th bullet point as 08:00 to 18:00 Mon to Fri, and 08:00 to 13:00 on Saturdays

The hours need to be confirmed and aligned in both documents. There would otherwise be no objections to the discharge of condition 12 (Construction Management Plan) and condition 14 (Construction Environmental Management Plan).

Regards
