I have owned the adjacent property since 2006.
Until January 2021 'The Shed' was derelict and appeared abandoned and was certainly not in any habitable state. New windows and door openings were constructed in 2021 (please see dated images attached). - Over the past 10 years there have been several attempts to turn stables and redundant buildings in to habitable spaces. There is a substantial farmhouse on the site which is already over developed as a second farmhouse was allowed some years ago. A further extension was allowed in 2005."/>
