Dear Councillor

I find it most disturbing that a CDC planning officer (Katherine Daniels, in this case) supports an application that is opposed by Deddington Parish Council and has been rejected by HELAA as unsuitable for development.

The planning officer will be aware that Deddington's Neighbourhood Plan finishes its Regulation 16 consultation on July 21st, ie in ELEVEN DAYS' TIME. If the Wimborn application is allowed through, it will jeopardise the DN's supported site which has enormous public benefit in terms of parking for surgery and school.

Further, I question the legality of filing this application so close to the NP deadline. At the very least, it shows total contempt for the residents of three villages who have contributed to the NP for the past 2+ years.

Please take my points seriously when considering the implications of this planning application.
