Comments	<input type="text" value="A cynical application, capitalising on the permission granted on the other 2 sheds which are still to be completed.
The whole area now both sides of the motorway junction have been heavily developed in a very short time, with the extra traffic created now causing infrastructural pressures.
The light pollution now, compared to just 4 years ago looking down at this whole area from the hill on the Northenden of the motorway back towards banbury is ridiculous.
Enough is enough"/>
