Comments	<input type="text" value="Completely unnecessary and unwanted development in an area of significant natural beauty purely as a speculative cash-grab from an unconcerned and unconnected cabal of developers. This development will make a material negative impact on those who live nearby. The increased traffic, pollution, noise and light will combine to significantly degrade the environment. This development proposal should be rejected. Any decision other than a rejection should be viewed as cynical tax raising by the local council and greed by developers who don't have to live with the consequences of the environmental destruction they cause."/>
