**Attachments:** Email-Re\_20\_00954\_F application received Creation of single dwelling house through conversion and pa.pdf

Environmental Protection has the following response to this application as presented: 23/00542/F - Variation of condition 2 (plans) of 20/00954/F - Vary roof from metal to slate tiles, add window and door to north elevation, provide detail of boundary treatments, Add PV array to south side

I have reviewed the additional information supplied and have no further comments to make.

Please see attached above my original comments on 6 May 2020 – 20/00954/F attached above.

If you wish to deviate from the suggested conditions, then this should be discussed with the officer making these comments to ensure the meaning of the condition remains and that the condition is enforceable and reasonable.
