Comments	<p>The plan for a mast here was dismissed on 15.2.23. Despite a huge number of objections it seems that another company is applying for the same permission. Regardless of the company my objections are the same:</p> <ol style="list-style-type: none">1. This is a conservation area2. It is a dangerous distraction to drivers (there is already a project to calm traffic in the village at a huge cost)3. At a height of 15 metres this mast would tower over the middle of this village, which dates back to Saxon times, and so be completely out of character. <p>I am not objecting to the principle of a mast but to it's location. The attached photo show how close it is to houses. See attached</p>
