Comments	<input type="text" value="This application should be refused. This has already been strongly opposed by the local community, rejected by the council and appeal rejected at state level. The location is a conservation area and none of the proposed amends in this application will reduce the significant impact this 15m pole and surrounding boxes will have on the character of the conservation area. There has been no consideration of alternative areas outside of the conservation area and feedback from the community has not been listened to. Please reject this immediately."/>
