Comments	<input type="text" value="I am so disappointed that this is being planned again after all the objections the last time . I can't can't believe you would ever consider putting a mobile mast in the village , the village school is only a few yards away from the proposed site and it will look so out of place in this lovely village ! I was not able to put windows for my loft conversion in the front of my house so if I couldn't get planning for that I can't think why you should get planning for such an unsightly monstrosity with unknown harmful effects on children who are in close proximity! For those reasons I object to this proposed plan"/>
