<b>Comments</b>	<p>We object to the proposal of the siting of this mast and accompanying infrastructure. It is on the edge of a conservation area, inappropriate to the entrance to the village, it's a distraction on a sharp bend, it is not yet proven - but still under investigation- the potential effects on humans of these masts.</p> <p>This is just a rehashed proposal from a newly named company, with similar directors, which has already been refused on two occasions.</p> <p>A waste of taxpayers money</p>
