Comments	<input type="text" value="I cannot believe this application is even being considered. There has always been the clear tree boundary between the urban edge of Banbury and the fields of Hanwell to Hanwell village. There is development going on all around Banbury without the necessary infrastructure but if this particular application goes ahead and engulfs the lovely historic rural village of Hanwell it will be a decision that will be looked back on as criminal. (Like demolishing Brown's Cake shop in Banbury) Surely we need to preserve our traditional villages as they are an important part of history and once made just another part of a large town can never be replaced. So much good farming land has been given up to new houses surely not our villages as well."/>
