Comments	I am a resident of Hamwell Village. I am very concerned with the plans at hand. With the already stretched infrastructure Banbury and surrounding areas are subject to. This will further increase demend ofn overstretched local services such as schools, doctors surgeries and hospitals which have no plans to be increased in line with the planned increase in population. Also the land being earmarked for this expansion is grade 2 agricultural land qhcih should be protected for our self sufficiency. I understand the need for more residential houses but as we know the centre of banbury holds many possibilities with local shops and business requiring reuse and repurposing. The are many areas which could be utilised to better effect without the need to further damage local farmland which is embedded on local history and part of the local makeup which makes banbury and dthw surrounding areas suck a beautiful place for families. Again by returning rather 5han just expanding cheap housing the town centre could made more vibrant and also local services could be provided to match this expansion in residential areas. I hope you consider this objection to more local farmland being lost yet more modern concentrated housing. And that better planning and reporting of dying areas in the centre of town would be a better plan with a far better future and outlook for our beloved Banbury. Your faithfully Graham Mullett
