<b>Comments</b>	<p>The Campaign to Protect Rural England suggests there are currently more than 400,000 homes with planning permission on greenfield sites however there is ample capacity available on already developed brownfield sites. Estimated to be in the region of 1.2m new homes.</p> <p>With a further 170 homes planned there is no evident plan to alleviate the already apparent massive pressure on services such as doctors, dentists, schools. Not to mention that village lanes and the main arteries in and around Banbury are already clogged with traffic.</p>
