Comments	<input type="text" value="We cannot continue to build more houses on every available road sprawling out from Banbury. When we moved here in 2010 we knew that Warwick Road was a main road but traffic at that time was more or less confined to the rush hours. Now with the many developments since then, the traffic is continuous all day, starting at 5.00 am. Where is the infrastructure for yet more housing? Why are there no plans for a Banbury ring road? There has to be a limit on the pressure for schools, surgeries & other amenities. I appreciate that everyone has to live somewhere but surely enough is enough. I'm not sure how increased road traffic, noise & pollution meet the Government goals of net zero. We strongly object to this application."/>
