Comments	<input type="text" value="Where will the 300 cars for these 170 houses go? The Banbury roading network is completely choked 7 days a week. For these houses to access the motorway they have to join the bottleneck along Aldi, clogging the retail park roundabout, the Southam Rd roundabout and the 2 roundabouts to Gateway Retail Park. To access central Banbury they have to add to the jammed roads leading in and out of Banbury Cross. Banbury is a hot mess to access and more and more houses only serve to make our town unusable. What medical services can these house access? They are over an hour's drive from the JR and what doctors and dentists are taking NHS patients? Routine doctors appointments are now FIVE WEEKS - we do not have the local capacity to add more out of towners. With each new large development attracting buyers from other countries you are diminishing the services and quality of those services to the very people you serve."/>
