Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<p>I object to the planning permission to build houses behind the Nickling Place houses because you will end up merging Hanwell to the Hanwell Village. People moved to the village to get away from the busy and chaotic town life not to be involved in it. People also move to the villages to enjoy the peaceful quiet life and the nice green scenery surrounding the village.</p> <p>I also object to the planning permission to build houses because you are ruining wildlife homes in these fields when we are supposed to be protecting the wildlife. I live on Cherwell Heights Estate and since the planning permission was agreed to build the house on Bankside, we have had so many foxes running around the Cherwell Heights Estate trying to find food and a suitable home for them and their family. The foxes are now finding it difficult to get food and have been fighting with themselves. I say this because it was witnessed outside my home. Foxes were loudly fighting outside my window and at the time, I thought they were fighting for territory but the next morning, one of the foxes was found dead on the lawn half eaten. How is it right to take away these foxes their homes and feeding grounds, just so someone can get rich by build houses on the land.</p> <p>I hope you do not agree to this planning permission because it wont be long before there is no green scenery and no wildlife to watch whilst taking a walk through the public foot paths</p> <p>Kind Regards Cheryl</p>
