Address	<input type="text" value="7 Bannister Drive,Banbury,OX16 1GQ"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<p>I wish to object to the proposed development for the following reasons:</p> <p>The development site borders multiple recent developments where infrastructure is already failing/overstretched.</p> <p>The development will mean the effective joining of Hanwell village and Hanwell Fields / Banbury, something which the village had previously been told would never happen.</p> <p>The agricultural land contains a public right of way, encouraging locals to enjoy the beautiful surrounding countryside, having already seen so much swallowed up by developers this would be a great shame.</p> <p>This area has already seen irreversible loss of wildlife as a result of years of constant building works and any further developments should not be considered owing to the further damage this would cause to such wildlife and their habitats. Local ecosystems have already suffered too much.</p> <p>The protection of such green space is so important for this, and future generations, for the protection of wildlife, people and the environment.</p> <p>Hanwell is a village of historical importance, we should not allow it to be simply become part of the local town.</p> <p>There must come a point at which local authorities take a stand and say enough is enough, this area is overdeveloped and it is my view, and clearly that of the multiple other objectors that now is that time.</p>
