Comments	<input type="text" value="The congestion on Southam road and Hennef way is already a problem so additional housing will make it impossible to get around. As it is there is already another development planned for the land next to the crematorium and opposite Hanwell View which is going to cause additional traffic to an already very busy road. No additional infrastructure or road improvements seem to be planned for all the additional housing. The roads cannot manage the current traffic, there are potholes all over."/>
