Comments	<input type="text" value="There is not the infrastructure to support further dwellings in this area . There have been no road improvements, bus or cycle lanes constructed. All these things should be in place before any expansion of housing provision. I can see no evidence that the local authority has done so or intends to do so. There are no plans for further GP surgeries or schools in the area. Traffic at peak times is already intolerable around and through Banbury further dwellings will add further pollution and congestion. Destruction of valuable and viable agricultural land and wildlife habitats including hedgerows will have long term impact on the county. The individuality of the village of Hanwell will be lost forever. People chose to live in Hanwell as it was set apart from Banbury the building of these dwellings will be to the detriment of the whole area. And if allowed to go ahead will adversely affect the surrounding villages and the wildlife forever."/>
