Comments	<input type="text" value="I object to this application on the basis that Cherwell District Council's latest housing land supply statement demonstrates that Cherwell has a 5.4 year housing supply for 2022 - 2027, and there is no need for this development as it is in contravention of the Local Plan. Secondly, this land is not suitable for housing development according to the CDC assessment, so why is it there being proposed for development?

I do not think that the local infrastructure is in place for such a huge development, access is limited: already the roads in the area are full of potholes. It is not good for our environment."/>
