Comments	<input type="text" value="Firstly there has been more than enough housing development in recent years and this new proposal is contravention of the local plan effecting all our surrounding villages. Enough is enough.
The proposed development site would obliterate the areas conservation and heritage including the view of St Peter's Church which is meant to be protected. It would also cause great damage to the local environment as well as losing essential high grade farmland. This proposal would have an overall negative effect on our rapidly diminishing countryside and I strongly object to this proposal!"/>
