Comments	<input type="text" value="I think another large development will let Banbury grow in another direction, similar to what we already have with Bodycote and towards Twyford/Adderbury or up north. This will set a precedence and encourage more developments on green field sites. We need to save some open spaces, we will never get them back.

I appreciate the requirement for new housing, especially in areas like Banbury, we need places for people to live so they do not have to commute far distances. My suggestion would be to find space in the newer estates and leave the fields and woods around Banbury for people to enjoy and to relax."/>
