Comments	<input type="text" value="-Banbury already does not have the facilities and infrastructure to support the houses being built in the area. There's a shed of doctors, dentist and schools.
- Vital outdoor space will be taken away from those already using it which will negativity affect the physical and mental health of families living on the outskirts of Banbury as well as those in the village.
-The village will essentially become another area of Banbury. This will cause great distress to those who have chosen and workedhard to be able to have a life in the country."/>
