Comments	<input type="text" value="There is no plans to improve the current infrastructure to support further developments in Banbury. No new secondary schools, no road improvements (The existing roads are in a poor state of repair and more houses increases the deterioration of existing roads), no new health provision (GP surgery's or local hospital), no dentist's (The existing dentists are already oversubscribed). More houses increases pollution and congestion for residents, Hennef Way is already the most polluted zone in Oxfordshire."/>
