Address	<input type="text" value="30 Curzon Road,,London,W5 1NF"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<p>My family home in Hanwell village and the historic village itself will be negatively affected by this proposed development, therefore I strongly object to Vistry Homes building 170 houses between Banbury township and Hanwell Village on the northern boundary of Banbury.</p> <p>This development will result in the disastrous loss of the village status of Hanwell village, with its historical importance of Hanwell Castle and grounds, currently an important archaeological site.</p> <p>The land area site has been declared by CDC as not suitable for development -it is rich arable land (grade 2 and 3A) and vital for our food supply chains, severely threatened by world problems such as the Ukrainian war -and is protected under the existing planning policy.</p> <p>The highly negative impact of further developments on green spaces and loss of natural habitats has a devastating impact on our wild life, our bird population has been diminished by 73 million since the seventies.</p> <p>The traffic issues and road problems are already clearly evident round and through the village and this development would serve exacerbate these troubling issues.</p>
