Comments	<p>I would like to strongly object to this planning application and have attached a letter outlining the concerns of myself and fellow villagers. As a long term resident in the village, I feel the proposed application would have a significantly detrimental effect on the village and surrounding countryside as we would be subsumed into Banbury putting yet more pressure on local infrastructure and impacting on the conservation status of our village.</p> <p>Additionally I believe that the main access road to the site will be along Gullicote Lane which is a narrow road and be totally inappropriate for construction traffic. It is already very poorly maintained and frequently pot holed. Lorries would have to pass very close to several of the residences bringing not only significant noise and pollution but also increased vibrations that can already be felt when tractors occasionally use the lane. Many children and dog walkers use the road along with the village hall which is located at one end; the significant increase in heavy duty traffic would pose a significant risk to safety.</p> <p>For these reasons along with those outlined in the attached letter, I hope that you will reject the request for planning permission from Vistry homes.</p>
