Address	<input type="text" value="3 Park Close, Hanwell, Banbury, OX17 1JT"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I moved to Hanwell because it was a quiet, small village where my Mum (78) and I (47 and disabled) could be safe. It's important to our mental health and wellbeing that we live in the countryside because town living scares us and leaves us very isolated unlike Hanwell that has a warm and friendly close knit village community. We are comfortable living by farmland and whilst it might not be to everyone's taste it is important to the fabric of the U.K. to have sustainable farmland as well as a sustainable environment for local, protected wildlife. It is an ecosystem that is being threatened by unnecessary development. Further we do not have the infrastructure to support this development, local services are under huge pressure and the road in the village is already scary so I dread to think what will happen were this development to go ahead. I stand with our parish council who have strongly objected to this development. I believe it would be detrimental to the area and against local plans to allow this beautiful and historic village to be overcome by a development that wipes out prime agricultural land. If this development were to go ahead you are wiping out the identity of a village who can never get it back. Please please save Hanwell, our fields and our wildlife, please listen to our case and protect us."/>
